Physically & Spiritually Touching Lives

January 14, 2011

Greetings Friend,

I would like to give you an update on what's been happening over this past summer with our ministry in Romania and how God is expanding it.

As many of you know, we have continued the ministry in Romania mainly during the summer months by hosting teams from churches who sponsor and run summer camps for village children. This has been such awesome and amazing ministry where Jesus Christ is shared with the children every minute of every day they are in camp through the lives of the summer camp teams from the US and UK. Each year and in each camp, we have seen God move in marvelous ways in the lives of the children and also in the lives of the team members. This is something that we will continue to do as long as God allows us to.

This summer God revealed to Debbie and I that now is the time for me to begin working full-time to expand His ministry in Romania. There are God appointed opportunities on the horizon that will allow myself, with the help of our Romanian Team, to start new areas of ministry in Romania. Exciting things are happening and I can't wait to see what God has in store by my being obedient to Him and where He is leading this ministry.

In addition to expanding the Romanian Ministry I have felt led by the Lord to help continue the good work that was begun by Lela Steel in Odessa, Ukraine by being an active advocate and supporter of Lela's House of Hope. I have several ministry ideas that I have discussed with Danny Thomas at Harvest International and he confirms that he has been praying for someone with a vision for the future of this ministry.

We know these are very hard and difficult financial times for most of us and common sense tells us that this is not the best of times to be going into a full-time, self supported ministry. However, we have already experienced the fact that our Lord does not deal with "common sense" feelings. As we move forward, we ask that you first specifically pray for Debbie and me as we continue "radical" obedience to His calling. Secondly, in order for us to be obedient to God's call, I must raise enough money to support my mission and my family. Please pray about this need and determine if you are able to financially support this new direction God has shown us. If you feel God is leading you to help support our ministry, please respond by filling out the enclosed card or visit [www.harvestinternational.org](http://www.harvestinternational.org) and give electronically. All donations are tax deductible. Please designate on your check, money order, or electronic contributions for the Bullock Ministry.

We covet your prayers and will praise and glorify Him with the results. Thank you!

Nihil Sine Deo,

# Clowning Around in Ukraine

July 2010

As people get on buses, walk down the street, or drive by, seven clowns are the center of attention from children and adults in Odessa, Ukraine. A team from Romania, led by Randy Bullock, has spent the last week there educating four Ukrainians on the arts of being a clown. Every morning, they would hold classes in clown makeup, balloons, juggling, and magic tricks. Then, in the afternoon, the clowns go to hospitals, orphanages, and parks to practice the skills that were learned earlier that morning.

On Saturday, after a week of practice, the clowns made an appearance at a fountain where their skills were put to the test as they made over 500 balloon animals. More importantly however, the three hours spent at the fountain allowed for an opportunity to share the love of Jesus Christ with one person. After watching for about half an hour, one young lady approached one of the clowns wanting a balloon for her son and asked us how much one balloon cost.

"Nothing, it is free." They responded.

Lady who gave us Biscuits & Water

A bit taken back, she inquired why they would stand out in the hot sun for a long time just to give children balloons. As the opportunity presented itself, we explained who we are and that Jesus never asked us to pay for our sins. It is because of that love that we are out here giving out balloons to the children. It was difficult for her to understand why we did not want something in return and she left. After about fifteen minutes, she returned with biscuits and water for all of the clowns.

1 Peter 3:15 talks about providing a defense for the hope that resides within us. The girls here have had, and will continue to have, the opportunity to provide others with the reason they are filled with hope. God works in different ways. Through the obedience of four young ladies in Ukraine, a seed was planted in at least one life. Who knew clowning around could have such an impact on the Kingdom.

## *How Many Kings*

*By: Downhere*

*Cause how many Kings stepped down from their thrones?*

*How many lords have abandoned their homes?*

*How many greats have become the least for me?*

*And how many Gods have poured out their hearts to romance a world that is torn all apart?*

*How many fathers gave up their sons for me? Only One did that for me!!*

Not many days ago I heard this song for the first time and right then I realized that the lyrics were so true! Have you ever wondered how many Kings would do something like this? For me? Or for you? I know just one King who actually did it!! This is the reason why today we have hope, we have joy, and we have eternal life promised with Him! This is the King we want to serve and celebrate every single day of our lives, not just in December! He never asked anything in exchange for the big price He paid for us. Why? Because it was a free gift!

So many times it is said that Christmas is a time of Joy! What about the ones who don't have any joy? In the first week of December a team from America, along with the Romanian team, had a common goal - to bring the joy that comes from our King into children's lives from Fonau and Dobresti!

When we have so much every day, it is sometimes hard to still appreciate the simple things. Before we started our program with puppets and bells in Fonau, we had a snack for the children with some hot chocolate! Do you know that most of them had never had hot chocolate, not even once in their lives? So sad but so true!! We take so much for granted, pretending that we cannot help people around us when so little needs to be done, but what a big impact it can have!!

For the children from Fonau we even had shoes.

Only watching them could you understand what these little gifts meant to them.

They were holding them so tightly; making sure that nobody could take it away.

The team returned to the US on Sunday and then we picked up Mr. Ivan and Mr. Scot from Richfork Baptist Church. Mr. Ivan is the missions pastor there. They have been very involved in the Lord's ministry in Romania with us. They were interested in going to Ukraine as we are trying to expand the ministry in the Odessa area where the House of Hope is. So off we went, seeking what the Lord had in store us. We were greeted at the airport by Victor and then we went to Lela's house to stay with Alyona and Slavik. We spent the next three days traveling around the villages that surround Odessa visiting different churches and schools and a few of the Internots (orphanages). We found a Internot there in the village of Nicholi. We meet with the director and walked around the campus and it is so ideal to do a camp there this summer. We will be going back there the first week of July to do a summer camp for the children in the Internot and also inviting the village children. What a great opportunity to spread some more of that Joy that we celebrate here at Christmas time.

I want to Thank everyone who helped this year with the Christmas bags and the shoes for Romania. You just don't know what a blessing you have been in so many children's lives!! We want to Thank you for all your prayers throughout this past year as we seek to honor the Lord with our lives, and also a Big Thanks to all the teams that have come along side us from here in America and also from Great Britian. What a difference you have made in so many lives, including ours. Now, what are you going to do with the Joy that our King gave us?! Let us never stop in passing His Joy to all around us!! Because he did it all for me....all for you!!

Thank you,

*Randy & Debbie Bullock, Nihil Sine Deo!*

**The Great News of Jesus' birth was brought to them thru puppets, bells and stories!**

**It was so wonderful to watch their precious faces enjoying every minute of the program. With your help, at the end of all this, they received bags with little gifts.**

**For them, who have nothing or so little, these bags and shoes were like treasures.**

**When I asked them if they liked the hot chocolate they all answered, "YES"...but some of them, with more courage, said: "We like it! But what is it? We never had this before!"**
